The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, please visit www.epc.org/benefits or call 1-877-578-8707. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.HealthCare.gov/sbc-glossary/ or call 800-318-2596 to request a copy.

Important Questions	Answers	Why this Matters:
What is the overall Medical Plan deductible?	$1,850 individual/$3,700 two person/ $5,350 family in-network, $3,800 individual/$7,600 two person/$11,400 family out-of-network.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Network deductible does not apply to office visits, preventive care services, emergency room services, Emer, and hospice service. Copayments and coinsurance amounts don't count toward the network deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	$6,750 individual/$13,500 two person/$13,500 family in-network $7,900 individual/$15,800 two person/$15,800 family out-of-network.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out–of–pocket limit?	In-Network/Out-of-network: Premiums, balance-billed charges, and health care covered under this plan do not apply to your total maximum out-of-pocket.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Will you pay less if you use a network provider?	Yes. For a list of network providers, see www.highmarkbcbs.com/home/ or call: 1-866-472-0928.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do I need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your overall **deductible** has been met, if a deductible applies.

EPC Prescription Drug Plan

When you enroll in the Medical Plan, you will be enrolled in the Prescription Drug Plan, which is administered by Express Scripts. To receive the highest level of benefits, prescription drugs must be obtained from a Pharmacy in their national pharmacy network or directly via the Express Scripts Mail Service or Specialty Pharmacy.

Prescriptions dispensed for acute care (short-term) medications and initial fills of maintenance (long-term) medications may be obtained through any retail pharmacy for up to a 30-day supply. Short-term drugs include antibiotics and other medications that you take for short periods of time. Long-term drugs, also called maintenance medications, are those you take on an ongoing basis, such as drugs that treat high blood pressure, cholesterol or chronic diseases. Maintenance medications are only available under the Smart90 program. For those using Specialty Medications, these are dispensed through Accredo Health Group, Inc. ESI's preferred Specialty Pharmacy under the Specialty Medication program. Each program is described below.

Prescription Drug Plan Annual Deductible

Plan Participants are responsible for paying the following deductibles before the Plan starts paying for prescription coverage. After the deductible is met, plan participants will be responsible for the applicable co-payment for all prescriptions filled. If the cost of the prescription is less than the stated co-payment then you will only be responsible for the actual cost.

Silver PPO Plan Annual Rx Deductible:	Individual	Two-Person	Family
	$250	$500	$700

Co-Payments for up to a 30-day supply of Short-Term Medications

Participant pays 100% until full deductible is met, then is only responsible for the co-payment. If the cost of the prescription is less than the stated co-payment then you will only be responsible for the actual cost.

Silver PPO Plan Short-Term Co-payments:	Generic	Formulary Brand	Non-Formulary Brand
	$10	$50	$100

Long-Term Maintenance Medications Smart90 Program

The Express Scripts Smart90 Program allows you to pay less for each 90-day supply of maintenance medications than you would pay for three 30-day supplies at non-participating retail pharmacies. If you are currently receiving home delivery through the Express Scripts Mail Order Pharmacy, you do not need to do anything further for those prescriptions. For new and existing prescriptions of maintenance medications, you may receive up to two 30-day courtesy fills at any retail pharmacy that is not participating in Smart90 and pay the 30-day retail co-pay as stated above for each fill. However, you will receive notice from Express Scripts upon your first fill that you will need to move the prescription to a participating Smart90 network pharmacy prior to your third fill or the refill will be

denied.

You can conveniently fill your maintenance prescriptions under the Smart90 program either by home delivery through the Express Scripts Mail Order Pharmacy or at any Walgreens or Walgreens-owned retail pharmacy in the Smart90 network. If you are not currently using a Smart90 participating pharmacy, you will need to obtain a new prescription from your doctor. Make sure your physician writes the prescription for a 90-day supply with up to a year's refills (if allowed).

Co-Payment for up to a 90-day supply of Long-Term Maintenance Medications

Participant pays 100% until full deductible is met, then is only responsible for the co-payment. If the cost of the prescription is less than the stated co-payment then you will only be responsible for the actual cost.

Silver PPO Plan Long Term Co-payments:	**Generic**	**Formulary Brand**	**Non-Formulary Brand**
	$25	$100	$200

You can review your Smart90 Program options by logging in to *www.expressscripts.com* or calling 866-890-1419. If you are a first-time visitor to the website, take a minute to register (be sure you have your member ID number handy). You can also use the Express Scripts mobile app to locate a participating pharmacy.

Specialty Medications

Specialty Medications are high-cost medications dispensed **exclusively** by Accredo Health Group, Inc., ESI's preferred Specialty Pharmacy. To determine if a medication is part of the Specialty Program, review the list of impacted medications on the ESI website, call the number on your ESI ID card, or call Accredo at 800-922-8279. Under this program, specialty medications ordered for you or a covered family member by your physician or prescriber that are on the list will be covered *only* when ordered through Accredo and will no longer to be covered through Highmark or when obtained from an outpatient clinic, a home infusion company, a doctor's office, or from another pharmacy. For a new prescription of a listed Specialty Medication, an initial fill may be permitted from another provider to allow time for you and your physician to transfer the prescription to Accredo. Please note that this program does not affect medications supplied by an emergency room or during an inpatient hospital stay. Due to the high cost and special handling required of these specialty medications, each fill is limited to a maximum of a 30-day supply.

Co-Insurance for up to a 30-day supply of Specialty Medications dispensed through Accredo

Participant pays 100% until full deductible is met, then is only responsible for the coinsurance.

Silver PPO Plan Co-Insurance for Specialty Medications:	**Generic**	**Formulary Brand**	**Non-Formulary Brand**
	Member pays 20% of specialty medication cost, up to a $500 Maximum per 30-day supply.
