

## Be on the lookout for your new ID card!

If you are enrolled in an EPC medical benefit plan, be on the lookout any day now for your new insurance ID card from Meritain that will be effective January 1st. This card has information your doctor or pharmacist will need to submit your claims in 2024. It is very important to show to your pharmacist when ordering a prescription because it contains information about your new Prescription Drug administrator, BeneCard. Your old ID Card will not work for prescriptions in 2024.
