

EPC

A Global Movement of Evangelical Presbyterian Churches

THE JEREMIAH JOURNAL

March 2020

As together we go through the coronavirus crisis, I want you to know that the Office of the General Assembly is here for you. We are grateful for the technology that enables us to work remotely.

We know that you are focusing all your attention on the challenges you face locally as you lead your church in this unprecedented situation. If you need our help, we are available and we are accessible to you.

In these days of great change, we can rely on this truth that does not change: our infinite, almighty God is sovereign. He is in charge and He will get us through this.

I've been praying Psalm 91 daily for you—for us—since last week. As you consider a helpful word from God's Word, let me encourage you to look at and pray through that wonderful Psalm.

God bless you and remember, He is risen!
