The First Presbyterian Church of Hagerman, New Mexico in conjunction with our yoked church in Dexter is seeking to fill the positions of transitional and permanent pastor.

We are a welcoming church that serves our small agricultural community with our small but active congregation. From the Loaves and Fishes Food Pantry to community Bible study and community prayer gatherings we strive to serve meeting spiritual and physical needs of our area.

Our church maintains rich traditions in worship and order of service, but we are not opposed to some elements of contemporary Worship.

We are looking for a person grounded in sound doctrine; A person who is caring and able to share love; Someone who is inclusive and welcoming to all ages, including youth and children; A person who has the ability to appreciate and enjoy living in a rural community; Someone who will serve and include the entire community and lead by example with energy, vitality and stamina; A person with a heart for mission and evangelism.
