

We long to see geography reclaimed for the kingdom - to see revival in New England. Matt and Tracy pastor 40 minutes from each other, but in remarkably different settings. They both love green (Celtics and Seahawks), but they pastor very different churches and would love for you to participate in the kingdom work in Springfield (urban) and Simsbury (subrural). We are looking to mentor someone called into ministry - through preaching opportunities, worship leading, children's ministry, and help in planning the things pastors actually do - weddings and funerals and vbses.

Our internship is 12 weeks long. We are well-funded through our Presbytery to pay the intern, offer free housing, some expense accounts, and most importantly - begin a friendship that may turn into a new church in New England. We are the least churched and least evangelized part of the United States, and some studies claim there are less born again Christians here than in China. We hope the Holy Spirit is planning to change that and we long to participate with His plans!

Matt and Tracy will meet weekly with the intern, and she or he will be part of planning what they do each week depending upon calling and skillset. We are open to preaching up to every other week of the internship and offer mentoring through shadowing of all that pastors do - from counseling to worship planning to elder-meetings.

Send us a resume!

Matt and Tracy
