

STUDENT MINISTRY INTERN

Church: Signal Mountain Presbyterian Church is an 1,800-member EPC church (Evangelical Presbyterian) on the edge of Chattanooga, TN.

Description: SM2 is the Student Ministry of Signal Pres. We have a solid staff, tremendous adult leaders, and a church with the vision to present every student with the transforming gospel of Jesus, equipping them personally to live in His love and serve in His name. At our core is a growing team of 50 adult volunteers who love and disciple the students in our community on a weekly basis.

The Student Ministries Intern at Signal Pres will be full-time staff who follows a two-year plan. Think of it as an “apprenticeship” in student ministry: learning the unique phases of MS and HS Ministry; the essentials of developing leaders, fostering volunteer and student relationships, developing program environments, and lovingly discipling middle and high school students for faith in Christ.

The goal is to be prepared after two years to leave and lead a student ministry or move into another position as God calls. One of our enduring values as a church is generational investment: welcoming the next generation for the sake of God’s kingdom. We envision this as a tremendous opportunity for us to welcome and invest in someone who wants to start out in student ministry and/or explore serving Christ on church staff – all the while loved and mentored in community.
