

Medical Benevolence Fund

The EPC's annual Christmas offering, **The Medical Benevolence Fund** helps our active and retired ministers and missionaries.

We've helped retired pastors on fixed incomes obtain treatment for illnesses and injuries that require additional funds outside of their medical coverage. We've helped new church planters and global workers with limited resources receive medication and specialized treatment.

Our goal is to support our leaders and aid in their personal care as they care for so many through their service to Christ.

AN EVANGELICAL PRESBYTERIAN CHURCH
